Subject: INTERNATIONAL PRESS STATEMENT 13 May 2025

Dear Ms. O'callaghan

In recent years we have been researching various cases of bank and other frauds in Ireland in preparation for an upcoming independent documentary.

We have been working closely with Ms. XXXXX XXXXX, a lawyer who is a derivatives law expert and very knowledgeable on the Ulster Bank Fixed Loan Rate Scandal. XXXXX was on the Expert Support Team as an Investigator during the Banking Inquiry.

From our research we have found that a friend of Ms. XXXXX contacted you on May 21, 2024 about this story and how RTE faithfully ran with false press releases from Merrion St and no one asked to correct the record. Ms xxxxx, also copied, was in contact with a friend of the Whistleblower as part of her research for the excellent Leathered in February 2024 and he also brought up how RTE helped destroy his friend as one of the reasons why he would not sign an affidavit about his experiences in XX XXXXXXXX' College.

As no one from RTE wanted to update the story for accuracy, I would like to solicit your comments on the attached press release from the Netherlands today in the X string below and attached

<https://x.com/wftproof/status/1922256722359407019?s=51&t=0JQXoRwt6gJgCxl7hPmeoQ>

I am sure the Independent Documentary team will want to comment on why RTE News or Prime Time never contacted the Whistleblower in 2015 or when asked to correct the story and please feel free to identify a contact person if they event want to make a call, as maybe you both asked to update the story and the powers that be said no.

Best wishes,

Sincerely,

Martin O Cianain

Subject: Re: INTERNATIONAL PRESS STATEMENT 13 May 2025

Hi all

Just following up on below as I never heard back from anyone. In full transparency we will need to post our original email on the Questions tab on our website for full transparency and wanted you to know

Many believe another bank crash is imminent given the shadow bank market, the lack of regulation by the Central bank and many also believe another scandal with a Pillar bank than the Tracker mortgage scandal.

Best wishes

Martin
