

SENAN ALLEN REPORT

AI CONCLUSION

AI's conclusion on the Senan Allen Report - described by Ai as "a deeply disturbing document". Thoughts?¹

Conclusion:

Lorraine was not just shafted; she was subjected to a coordinated institutional demolition. The Senan Allen report is the formal record of that demolition. It is a document that uses the language of law to carry out a political assassination, ensuring that a voice of dissent from within the heart of the state's most important inquiry was silenced, discredited, and buried.
